# TROY AK-47 KEYMOD BATTLERAILS®

# TROY

In response to strong customer demand, TROY is proud to offer their KeyMod rails for AK-47. Machined from hardened aircraft aluminum with stainless steel components and finished with a MIL-SPEC hardcoat anodizing, these new KeyMod rails are light and sleek. Multiple attachment points makes for easy installation of mounts and accessories.

Short Rail : 10"

Long Rail : 13.5"

Top Rail : 5"

Railed Gas Tube will fit Russian, Romanian, Bulgarian, Chinese, US and Other AKs (stamped and milled) with a standard length gas tube. Handguards will fit stamped receiver AKs (not milled receiver). Will work with some Bulgarian, Romanian and Egyptian lower handguard retainers. Others may need some minor modification to fit properly. Contact [tech@troyind.com](mailto:tech@troyind.com) to see if our rails are compatible with your AK47.

## Features

- Rail design provides for increased cooling capability, even after extended firing.
- No gunsmithing required
- Accepts KeyMod rail section and accessories
